PROFESSIONAL SUMMARY

SAP Certified Back-End Developer – ABAP Cloud and B.Tech Information Technology student (2027) with hands-on experience in ABAP development, including ABAP Dictionary, Reports, ALV, Open SQL, Internal Tables, Modularization, Smart Forms, Module Pool Programming, and Enhancements. Experienced in developing and debugging ABAP applications using Eclipse ADT and S/4HANA, with practical project experience in employee management, data validation, exception monitoring, database operations, and flight-data processing. Strong understanding of core ABAP concepts with a focus on writing reliable, maintainable, and performance-conscious solutions. Seeking an entry-level SAP ABAP Developer opportunity to contribute to SAP development and support business applications.

TECHNICAL SKILLS

- **ABAP Programming:** Data Dictionary, Reports, ALV, BDC, Screen Programming.
- **Reports:** Creation of Interactive and Classical Reports, development of reports using ABAP List Viewer (ALV).
- **Forms:** Creation of Smart Forms and related print programs, modification of standard SAP Scripts.
- **Data Dictionary:** Creation and maintenance of Tables, Structures and other dictionary objects, writing efficient Open SQL queries, performance tuning and database operations.
- **Modularization Techniques:** Includes, Subroutines, Function Modules.
- **Debugging:** ABAP Debugger, breakpoints, runtime error analysis and troubleshooting.
- **Module Pool Programming:** Screen Painter, Menu Painter, PBO/PAI processing, Subscreens and Table Controls.
- **Enhancement and Modification Techniques:** Business Add-Ins (BAdIs).
- **Modern ABAP / S/4HANA (Basics):** Eclipse ADT, modern Open SQL, CDS Views and OData.

SAP ABAP TRAINING

Malla Reddy Engineering College, Hyderabad *SAP ABAP Training & Coursework*

- **ABAP Dictionary:** Domains, Data Elements, Tables, Structures, Views, Search Helps and Lock Objects.
- **Reports & ALV:** Classical, Interactive and ALV (Grid and List) reports using selection screens and report events.
- **Core ABAP Programming:** Data Types and Declarations, Internal Tables, Work Areas, Field Symbols, Control-Break Statements, Open SQL (SELECT, Joins) and Debugging.
- **Modularization:** Subroutines (FORM/PERFORM), Function Modules and Function Groups.
- **Enhancements & Interfaces:** BAdIs, Enhancement Points and Spots; RFC (Remote Function Call) concepts and basic usage.

PROJECTS

SAP ABAP Employee Management System *SAP ABAP, Module Pool, Dynpro, Open SQL, DDIC*

- Developed a Module Pool-based SAP ABAP Employee Management System using DDIC, Dynpro screens, PBO/PAI, and Open SQL CRUD operations.
- Implemented validation, Message Classes, F4 Search Help, Subscreens, Table Controls, dropdowns, and dynamic screen modification.
- Implemented Lock Objects with Enqueue/Dequeue handling and performed debugging and testing using the ABAP Debugger and SM12.

Data Quality & Exception Monitor *SAP ABAP, Open SQL, ALV*

- Developed an ABAP-based data quality monitoring tool to identify and classify incomplete, inconsistent, and business-rule exceptions in SAP sales-order data using Open SQL, internal tables, and modularized validation logic.
- Implemented validation rules for missing data, invalid quantities/values, and business-rule violations, categorizing records into Valid, Warning, and Error states.
- Built an interactive ALV report with sorting, filtering, exception categorization, and drill-down functionality for efficient issue analysis.
- Applied field symbols, structured error handling, and performance-conscious database access to create maintainable and reusable validation components.

Travel Management System *SAP ABAP, S/4HANA, Eclipse ADT, Open SQL*

- Developed a Travel Management application using ABAP and Open SQL for processing travel and flight-related information.
- Implemented data validation and flight connection retrieval using ABAP programming techniques.
- Used Open SQL and internal tables to fetch, store, and process flight data.
- Practiced database operations, structured data processing, and error handling in an S/4HANA development environment.

EDUCATION

B.Tech – Information Technology 2023 – 2027
Malla Reddy Engineering College, Hyderabad GPA: 8.81 / 10.0

Intermediate (MPC) 2021 – 2023
Sri Chaitanya Junior Kalasala, Hyderabad GPA: 9.61 / 10.0

Secondary School (SSC) 2021
Pragna High School, Bodhan GPA: 10.0 / 10.0

CERTIFICATIONS & ACHIEVEMENTS

- SAP Certified – Back-End Developer – ABAP Cloud |SAP |Sep 27, 2026 – Sep 28, 2027 |Credly Badge
- ECWoC '26 Open Source Contributor |Elite Coders |Ranked #40 / 516 contributors |Certificate
- Full Stack Developer Intern |BYAMN |Completion Certificate
- Problem Solving through Programming in C |NPTEL |Certificate

PERSONAL DETAILS

Location	Hyderabad, Telangana, India
Date of Birth	03/08/2006
